In the event that an applicant for an additional bin service is not the owner of the property, Council will send the owner of the property a notification letter which advises that:

- an application has been made for an additional bin service at the property;
- in the event of non-payment of the service collection charges, the outstanding amount will be converted to rates arrears in which case the principal ratepayer of the property will be liable to pay the amount; and
- where an additional bin service collection fee is recovered as rates against a property in circumstances where the principal ratepayer did not make application for the service, the principal ratepayer is at liberty to recover the relevant amount from the occupier of the property as the principal ratepayer sees fit (for example, by way of making a deduction from any residential tenancy bond or by way of commencing civil proceedings).
