No additional 140L Waste/Landfill (red lid) bin will be provided to commercial properties (or tenancies), community and not-for-profit organisations as any waste to landfill requirements over and above this are deemed to be commercial in scale, where suitable waste disposal arrangements are the responsibility of the business.

 I have attached a written application that demonstrates extenuating circumstances and details the types and volumes of additional waste being produced

I _____ (full name) am aware of the ongoing annual fees for additional bins. In the case of a tenant requesting bins they must go through the property owner or manager and payment of the additional bins negotiated with them.

Please note: additional bins will not be delivered until payment is received. No refunds will be issued for cancellation of a service. Additional bins will be removed where any applicable annual license fee remains outstanding after due date.

Should you no longer require the additional bin(s) a completed [Cancellation of Additional Bin Service form](#) must be submitted to East Waste.
